No more stuck cats in the window!

Safe cat and tilted window?

It's possible!

Thanks to Windy,
you have control
over the width of the tilt.

No more airdrafts!

Airdrafts and gusts of wind will not worry you anymore,
No more uncontrolled closing and opening of window
and balcony door.

No more moist and fungus!

Thanks to control over the inflow of fresh air,
battle against moisture and fungus in your home
will be more effective.

No more stuffiness!

Breathe the fresh, healthy air. Even if it's cold and rainy,
there's no need to close the window - adapt it to your needs.

One Product,

Many Benefits!
